PENNANT STUDENT RECORDS data collection in the Data Warehouse

Training and resources

Academic Program Types

In our Count Students reports, and in Tuition Distribution and other reporting areas, we have a concept of "TYPE" of academic program. The relationship between academic program and the academic program type will be in a source table, maintained by the OUR.

You will see five types in the Pennant Student Records data collection:

- Traditional Undergraduate
- Professional and Other degree Program
- PhD and Research Masters
- Certificate and Non-Degree Program
- Non-Credit Programs and Affiliated Students

The grouping of academic programs into each program's associated "type" can be seen in the validation table **DWNGSS.V_PROGRAM**, along with some key indicators about the program type.

Description of the V_PROGRAM table, with the columns for Academic Program Type highlighted:

ColumnName	DataType	Comments
V_PROGRAM_PK	VARCHAR2 (70 Char)	internal warehouse primary key
PROGRAM_CODE	VARCHAR2 (12 Char)	Code for the Program. Source field: SMRPRLE_PROGRAM.
PROGRAM_DESC	VARCHAR2 (30 Char)	Descriptive text title of the Program. Source field: SMRPRLE_PROGRAM_DESC.
CUSTOM_ID	NUMBER (38,10)	Internal key
PROGRAM_DESC_LONG	VARCHAR2 (150 Char)	Custom long descriptive text of the program code. Source field: UP_ST_UP_S_BANNER_LONG_DESC. LONG_DESC
LONG_DESC_START_TERM	VARCHAR2 (6 Char)	The earliest term the long description for the code was in effect. Source field: UP_ST_UP_S_BANNER_LONG_DESC.START_TERM.
LONG_DESC_END_TERM	VARCHAR2 (6 Char)	The latest term the long description for the code is in effect. Source field: UP_ST_UP_S_BANNER_LONG_DESC.END_TERM
COURSE_LEVEL	VARCHAR2 (2 Char)	Level associated with courses in this program. Source field: SMRPRLE_LEVL_CODE.

STUDENT_LEVEL	VARCHAR2 (2 Char)	Level associated with students in this program. Source field: SMRPRLE_LEVL_CODE_STU.
CAMPUS	VARCHAR2 (3 Char)	Campus associated with this program. Source field: SMRPRLE_CAMP_CODE.
DIVISION	VARCHAR2 (2 Char)	Division associated with this program. Source field: SMRPRLE_COLL_CODE.
DEGREE	VARCHAR2 (6 Char)	Degree associated with this program. Source field: SMRPRLE_DEGC_CODE.
CURRICULUM_IND	VARCHAR2 (1 Char)	Curriculum indicator. Source field: SMRPRLE_CURR_IND.
CURR_RULE_IND	VARCHAR2 (1 Char)	Curriculum rule indicator. Source field: SMRPRLE_CURR_RULE_IND.
LOCKED_IND	VARCHAR2 (1 Char)	Source field: SMRPRLE_LOCKED_IND.
WEB_IND	VARCHAR2 (1 Char)	Source field: SMRPRLE_WEB_IND.
ACAD_PROG_TYPE	VARCHAR2 (15 Char)	Code for the Academic Program Type to which the program belongs
ACAD_PROG_TYPE_DESC	VARCHAR2 (60 Char)	Description of the Academic Program Type code
CREDENTIAL_IND	VARCHAR2 (8 Char)	Indicates that the program awards a credential
DEGREE_SEEKING_IND	VARCHAR2 (1 Char)	Indicates that a student in the program is seeking an academic degree
ACTIVITY_DATE	DATE	Last date the record was entered or updated in the source. Source field: SMRPRLE_ACTIVITY_DATE.
REFRESH_DATE	DATE	Date this table in the warehouse was last refreshed.

The Academic Program Type can also be found in the ST_DEGREE_TERM and ST_DEGREE_PURSUAL tables, alongside the students' Program Code, for each curriculum that the student has. This will facilitate reporting, where you want to show both the Program and the Program Type for each student in your query results.
